Instructions for operating the game:
1. The game is played in Slide Show mode (select Slide Show, View Show from menu)
2. After a team selects a box (subject and point value), click on the point amount - not the surrounding box. This will bring up the corresponding question.
3. When the question has been answered, click again any place on the screen to display the correct answer.
4. When a box has been selected, the point value will turn yellow to indicate it has been played.
5. Click on the “scores” box to go to the scoreboard screen.
6. Add or subtract the points to the black box on the group’s podium.
7. Click “Play the Game” to return to the game board.
8. There is one “Daily Double”. The team who chooses this box can wager as much as they want to, up to their total points.
9. The Final Jeopardy box is included on the side of the game board.
10. Clicking on the box will bring up the subject slide. Teams should place their wagers after seeing the subject of the Final Jeopardy question.
11. Clicking the mouse in any area of the subject slide will cause the actual question to be displayed.
12. Clicking the mouse in any area of the question slide will cause the answer to appear.
